

Equal Employment Opportunity Policy

Equal opportunity is CS policy. It is our policy to select the best-qualified person for each position in the Firm. Applicants for employment will not be discriminated against because of race, creed, color, religion, sex, national origin, ancestry, age, physical or mental disability, sexual orientation, veteran status, military service, marital status, or any other characteristic protected by law. This policy applies to all employment practices and personnel actions. This policy also includes all Firm-sponsored activities, including those held off-site and/or after normal business hours.
